

ANOTHER WEEK FOR RED CROSS CAMPAIGN

Today's Reports Add 845 Members to the List in the City and With Hard Work Next Week the Quota for Kingston City Will be Reached—Dean Hickey Tells of Past Achievements.

The Rotary Club started off the noon-day luncheon of the Red Cross workers by a lusty chorus "Over There," which stimulated everyone's patriotism. The attendance was good and the spirit more enthusiastic than at any time.

After the reports were in, with anecdotes of experiences encountered in the canvassing, the Rev. C. G. Ellis spoke in an interesting way of the deeper meaning of the Red Cross.

Judge G. D. B. Hasbrouck, chairman of the Ulster County Chapter, then addressed the workers, and all felt at the close of his remarks that a new enthusiasm had been infused into their work by the stimulation of Judge Hasbrouck's words.

Dean Hickey never spoke more eloquently than when he was called on by Judge Jenkins to give the workers his ideas on Red Cross and on the present campaign. This splendid tribute to the citizens of Kingston was illustrated by a review of what the people of this town have done during the past decade. He spoke of the fine Y. M. C. A. building, the new high school, the Kingston City Hospital, the improvements to the Benedictine Sanitarium, all built with money from the pockets of our citizens; St. Mary's School, free and clear from debt, and the recent tremendous amounts raised for the Red Cross, the Y. M. C. A., the Knights of Columbus and the Salvation Army. Never yet has Kingston failed to achieve a mark set high. And we shall not fail now. Although the amount already raised is not yet near the goal set, we shall not stop until we reach it. Dean Hickey urged all to further effort and filled the workers with ambition.

To Work Next Week. Judge Jenkins has extended the time of the campaign through next week and the workers will meet on Wednesday for lunch at 12, Friday, lunch at 12, and Saturday, December 29, for dinner at 6:15 for the grand finish.

Stores Take an Interest. Some interest is now being manifested among the stores and manufacturing concerns to achieve what is known among the workers as a "hundred per cent efficiency."

The first firm in this town to do this was the Kresge 5 and 10 cent store, which paid half the membership for each employee, and has done this for every one of their stores throughout the country.

Following this, the proprietors of several other Kingston stores induced their clerks to join. Some of the employees of these stores have taken enough interest to urge their fellow-workers to take out memberships so that their place of business might be listed as one hundred per cent efficient.

Here is a way for those already in to help the great work to completion, by using their influence and patriotism to bring in the laggards.

100 Per Cent Efficient. The firms so far listed as one hundred per cent are as follows:

H. J. Hoffman.
C. A. Warren.
C. W. Miller.
Universal Tire Co.
Singer Sewing Machine Co.
W. E. Eltinge.
Edward Winter's Sons.
E. T. Stelle & Son.
E. H. Green.
H. Bell.
T. A. Bennett.
U. S. Lace Mills.

LARSEN WEARY OF "SWINDLE OF LIFE"

Wrote Letter Before Committing Suicide in the Broadway Central Hotel in New York City.

By Telegram to The Freeman. New York, Dec. 22.—After completing arrangements for the cremation of his body and writing a note in which he characterized his life as a "swindle," J. C. Larsen, 50 years old, committed suicide at the Broadway Central Hotel here today by shooting himself in the temple.

"I have had many adventures in many lands," wrote Larsen, "and am now going to try the Great Adventure. I am tired of the swindle of life."

Money sufficient for cremation, and other incidental expenses was found with the note. Larsen also asked that his ashes be sent to his aged father at Kingston, N. Y.

CAMP DIX BOYS SEND THEIR THANKS

Also Wish a Merry Christmas and a Happy New Year to Those Who Have Considered Their Welfare.

The following letter from Captain L. W. Card, of Company I, 310th Infantry, received today by the Ulster County Home Defense Committee, shows once more the interest Captain Card is taking in our Ulster county soldiers:

Camp Dix, New Jersey. Company I, 310th Infantry. December 20, 1917. Your messenger, Mr. Ross, arrived here on Saturday afternoon and we took care of him the best way we were able under the circumstances. We feel grateful to you for sending a messenger all the way down here from Kingston with these very useful gifts.

We have advised the Saugerties boys to write Mr. Cardine, also the ladies of Saugerties, advising them of the receipt of packages. The sweaters, helmets and wrist-lets were gratefully received by the boys of Ulster county. I also gave to the Ulster county boys who have been transferred to other companies, as many as I was able these articles which they lacked. I wish you could see for yourself how these useful gifts were received. Especially the sweaters, which are so much use to the boys.

The Victoria arrived here on Tuesday afternoon and it certainly was used from the time it arrived. Any time of the day you can hear that Victoria and it certainly does live up to the spirit in the barracks. Accept my thanks in behalf of the boys for receiving this present. Also wishing you a Merry Christmas and a Happy New Year from myself and also in behalf of the men. Would be glad to hear from you at any time.

C. W. CARD, Captain Infantry R. C.

ICE FIELDS MOVED IN THE RIVER

This morning when the ferry Transport left Rondout at 6:30 o'clock for Rhinebeck it took her until nearly 8 o'clock to cross the river due to the fact that during the night the lower ice field had moved up and blocked her channel with ice nine inches thick. The ferry track across the river is in a big curve. The ice above the track is fast and Friday night the lower ice field was fast. Rivermen say that it is remarkable for an ice field nine inches thick to move. Where the ice came from was a mystery as far below as the eye could reach there was apparently no break in the ice and it looked as though the whole lower field had moved slowly north until it joined the field on the upper end of the ferry track. The ferry after it had broken a new track through the ice experienced no further difficulty today in making her trips. She is assisted when needed by the tub Rob.

Three Airmen Killed

Fort Worth, Texas, Dec. 21.—Three aviators, two of them British, in training here, were killed this morning when two machines collided in the air. Two of the men were in one machine. The collision took place at a low altitude. The dead are: Arthur Eden Webster, nineteen, Kingston, N. Y.; Lieutenant Russell Genet, nineteen, Kingsville, Ont.; Cyril Albert Baker, twenty, Kent, England.

The Arthur Eden Webster mentioned in the above dispatch is not known in this city, and it might be that Kingston, Canada, is intended in the address given.

Home Economics Deferred.

Owing to the large amount of other matter and to the fact that the copy arrived late, the article on Home Economics, by Miss Lillian Stewart, the county food conservation agent, will appear in Monday's issue of The Freeman, instead of today's.

IN THE SERVICE OF OUR COUNTRY

John H. Howard, who is a member of the wireless aviation signal corps, stationed at Mineola, L. I., is a son of Mr. and Mrs. Harry T. Howard of Broadway.

Private Robert L. Kerr of the 303rd Field Signal Battalion, Camp Dix, N. J., will spend Sunday with his parents in this city.

John Nolan of this city, who enlisted in the Aviation Corps at Port Jervis in Kingston, having received a pass until Sunday noon. He expects to be sent to San Antonio, Texas. Mr. Nolan is a member of the 21st Aviation Company and although accepted only last Tuesday is fully informed. He says conditions are about normal now at Port Jervis and there is plenty to eat and good sleeping quarters. He is strong in his praise for the way the Regular Army officers at the fort got things back to normal after the unexpected rush last week.

Comfort Kit a Real Comfort. Medical Department, U. S. Army. Post Hospital, Fort Howard, Md. December 16th 1917

I have two purposes in writing this letter. One, to offer an apology for not writing at an earlier date to thank the Ulster County Home Defense League for their kindness in sending the comfort kit which was received several days ago. The other reason to thank the league for the kit and the sentiments expressed in your letter. Both were greatly appreciated. The numerous necessities will not only be very useful but will also add to the few comforts of army life. The kit will be a constant reminder of the county which is dearer to me than any other, the one which holds many pleasant memories and the one to which I expect to return when my duties as a soldier are over.

Very truly yours,

RICHMOND CAMPBELL

PLACE THE FLAG IN YOUR WINDOW

Wherever human beings live in communities, civilized or uncivilized, they adopt certain outward symbols to signify certain inward feelings or conditions.

Among civilized people, for example, the plain gold ring on a woman's left hand is not worn for an ornament, it signifies a fact which we all recognize at a glance. A crown on a king's head is placed there to show his royalty. A medal on a soldier's heart tells the story of his bravery in service better than words.

What, then, is the significance of a Red Cross flag in the window of a house? It is not alone a sign of membership in the organization. It testifies to much more than that. It says to passersby: "In this house we are patriotic. We are in sympathy with the principles for which our country is fighting. We will help win the war."

The Red Cross flag, then, is an outward sign of an inward feeling of patriotism and love of country, just as the army service flag is a symbol of a man at the front.

Put the outward sign in your window!

KRUPP GUN WORKS SWEEP BY FIRE

London, Dec. 22.—The great Krupp gun works at Essen, the chief source of Germany's armament supply, as been swept by fire but the extent of damage done is not known.

A wireless message from Maastricht, Holland, picked up today by the British admiralty, said that workmen arriving there from Essen said that the works had been burning for 24 hours.

Hospital Auxiliary Meeting.

The regular meeting of the Ladies' Auxiliary of the Hospital will this month on Christmas Day, so the meeting will be postponed until Thursday, January 3, at the regular hour, 2:30 in the afternoon.

Stuyvesant Yuletide Features Greater This Year Than Ever

With or Without Meats Chef Prepares Specially Dainty Dishes.

By The Freeman's (Once Mysterious) Mr. Fox.

The Stuyvesant Hotel celebrates Christmas and New Year Days according to custom inaugurated by the late James S. Winne with the opening of this big hotel eight years ago; but this year with even greater lavishment in both decorations and menus.

Faithfully and sincerely loyal to the food decrees of this government as are all the Kingston hotels, with the Stuyvesant leading in carrying out these decrees, this management hopes that on Christmas Day and perhaps New Year's, both of which come on Tuesday, the Hoover embargo on meat will be lifted.

But the Winnes have come down through four generations of ideal hosts, and no situation gets by them without enterprise with the genius of The Stuyvesant chef working out ideas to meet other conditions, under the personal direction of Mrs. J. S. Winne, must assure guests that The Stuyvesant will give greater service than ever.

There will be game and poultry, prepared with exceptional culinary attention to dishes readily supplementing the customary meats if there be none; and in the other event adapt very much to the occasion. So it is safe to say that those who stretch their less under The Stuyvesant mahogany will get their appetites fully appeased and in no case notice any lack of a favorite dish.

Poultry never was so tender and fat; for acting on government advice the home poultrymen that serve The Stuyvesant have never given to poultry raising so much attention to care and feeding which is resulting in better grades and larger production of fowls.

"His Royal Nibs," the American Turkey, never spread deeper and wider, and more tender in the breasts, larger in the wishbone, and more tempting in the thighs. So the real combination—American above all—of turkey and cranberries will give the customary regal delight to The Stuyvesant appetites.

With turkey there are the spring chickens and other domestic and game fowls that the Stuyvesant chef will welcome directly from their coops with a glad hand.

There will be the usual Yuletide liberal garnishes with dishes. Soups, fish and vegetables in many styles; breads and pastries; ices; creams;

confections; fruits; nuts; the famous Stuyvesant coffees, teas, cocoas. So you see the genius of the table setting and kitchen service will be turned loose on these two occasions.

For The Stuyvesant management proclaims this as the most needful year to cheer and solemnize with same and moderate feasting on Christendom's birthday the bounties Providence vouchsafes our people and allies while we are fighting in a grim war to crush organized savagery and make world-wide democracy.

Mid-t patriotic decorations to serve both on Christmas and New Year Days at The Stuyvesant, the guests wrapped in streaming colors of national flags and banners that gleam in bright and rosy lights, will sense patriotism in the highest.

Breathing the atmosphere redolent with aromas of the Xmas pine and colorful with the holly and poinsettias, the guests will be drawn together more sociably in groups at the tables and with the Christmas cheer and goodwill that makes sacred the day of our forefathers.

These embellishments retained for the week will give the same cheer and home feeling to daily guests at The Stuyvesant. Christmas and New Year days menus will be attractive souvenirs. On New Year's, however, original and pretty individual favors will be given to every guest.—Advertisement.

CITY HOTEL XMAS.

Full Course Meals at Moderate Prices.

Christmas meals at the City Hotel on Main street, offer inducements to those who would be served at the usual prices, at a moderate expense. This hotel under the progressive management gives the usual holiday service and foods, including turkey and pig roast with courses of soups, fish, oysters, vegetables and pastries.

Many families solve the problem of high cost of living by eating at this hotel. The best meals for the money in the city the many patrons of this dining hall say.

The food is prepared and cooked as you would demand, served at your own table. You get the same complete service for evenings, after theater parties. —Advertisement.

ELLENVILLE.

Ellenville, Dec. 22.—The December meeting of the local W. C. T. U. was held at the home of Mrs. E. A. Smiley, president, Wednesday. It was a meeting of unusual interest and profitable to all attending. The meeting opened at 3 o'clock with Scripture reading, 1 Kings, 20:12-21; Prov. 31:4-5, by Mrs. Smiley and Mrs. Mahlon Smith, followed with prayer. In the absence of the pianist, Mrs. John R. DeVany, singing was omitted. Secretary and treasurer's reports were given and a business session followed. Mrs. Addison Stratton gave a most interesting account of the state convention held at Jamestown, N. Y., October 5th to 8th. Mrs. Ella A. Boole, Ph.D., in her annual address at the convention held at Jamestown in 1904, said the W. C. T. U. membership of the state was 19,216 and at this convention there was reported a membership of nearly 45,000. An interesting program followed, as arranged by the president, in which ten members had a part narrating some splendid benefit derived from Prohibition in large cities and towns where states are in the dry column. A paper of much value from "No Drink" was read by Mrs. Mahlon Smith entitled "When the Grapes Were Ripe," a story from Italian life. Mrs. Smiley gave in closing a few excerpts from things said at the national convention recently held in Washington, D. C., and the meeting adjourned. It is fully expected that the January meeting will be held in the new home of the local W. C. T. U. in the Hunt Memorial Building.

The annual election of officers of Wawarsing Chapter, O. E. S., was held Monday evening and the following elected to office for ensuing year: Worthy matron, Mrs. W. H. Sawyer; worthy patron, the Rev. Hugh P. Hobson; assistant matron, Mrs. Elizabeth Smith; treasurer, Mrs. H. S. Wells; secretary, Mrs. E. B. Saunders; conductress, Mrs. H. F. Schultz; assistant, Mrs. Herbert Smith; trustee, Mrs. H. L. Wolf; oratorist, Mrs. J. R. DeVany; historian, Mrs. Delaney; marshal, Miss Carolyn Clark; warder, Mrs. Henry Dutcher; Ada, Miss Floy Smith; Ruth, Mrs. Charles Michel; Esther, Mrs. Justin; Martha, Mrs. Frances Smith; Floeta, Mrs. Johnson. The annual reports of secretary and treasurer showed the chapter to be in a most flourishing condition, the membership being 130. Following installation the members are invited to attend service the first Sunday evening at St. John's Episcopal Church.

Mrs. Theodore Foster has received announcement of the arrival of a young daughter in the home of her brother, James J. Smith, and wife, at Port Jervis.

The young people realized about \$20 from the entertainment they gave last week. The proceeds are to be divided in purchasing articles of mittens and stockings for the village worthy children, and the remainder toward the community Christmas tree which is to be placed on Liberty Square Monday evening next and lighted at seven o'clock, while slides of the well-known Christmas hymns will be reflected on a screen so that all may join in the singing. Members of the band will provide music and it only needs hearty co-operation to make the music a success. The children of the community are inspired with enthusiasm to make it a success and the older people will certainly lend a willing hand to assist the children on this happy occasion.

The Ellenville public library will be closed from December 22 until Wednesday, January 2.

The Ellenville schools closed on Friday and will reopen on Monday, January 7.

At a recent meeting of the members of Ward Post, G. A. R., the following officers were elected for the ensuing year: Commander, John Powers; S. V. C., W. P. Loring; J. V. C., William H. Bradford; O. D., Joseph H. Clark; chaplain, Dwight Divine; Q. M., Y. F. Hall; sergeant, Willis C. Markle; G. C., James Morse. The officers will be installed on the first Saturday in January at 2 p. m. The regular meetings are held on the first Saturday of each month in the afternoon.

A beautiful Christmas service of song and recitation entitled, "The Prince of Peace," will be given by the Sunday school members at the Lutheran church on Tuesday evening next.

Mr. and Mrs. S. E. Taylor of Clerville have moved to Ellenville to reside on John Burlison's large farm, and take charge.

The funeral of Gilbert Newkirk was held from his late home at Greenfield Thursday afternoon at 2 o'clock. The service was conducted by the Rev. Clark of Brooklyn, who had spent twenty summers at the Newkirk home. He paid a high tribute to the life of the deceased. The body was placed in the vault of Fairview cemetery. The interment was made later. There was a very large attendance of relatives and friends at the funeral. Among those attending from Ellenville were Addison Stratton, H. B. Lauber, Mrs. Arthur Jones, Mr. and Mrs. Leonard Punting, Edward Newkirk, Ohioville; the Rev. and Mrs. Clark, Brooklyn.

Company Did Not Count.

Elizabeth was accustomed to having her papa put her to bed. One evening when her father returned from the office he found several women with his wife who were busy in some committee work. Elizabeth was sleepy and at once asked papa to put her to bed. He in whispered conference told her it would not be nice to leave their company and go to bed, and then proceeded to relate some pretty stories fitting to the pictures of a magazine which he had brought with him. After a time the stories became dull to Elizabeth, and the committee being still engaged to work, she pulled her papa's head down and said, "Papa, please let's go up to bed; these folks are no company of ours."

THE KITCHEN CABINET

When eggs grow cheap, we'll surely make a cake. Some happy afternoon, for early tea, And what a joyful thrill 'twill give to know That we may use two eggs, or even three!

How odd 'twill seem to bring to light once more The dear old cake tin with its fluting deep, And butter it—Ah! what a stirring time.

When eggs grow cheap! —Harriet Whitney Symonds.

TASTY EATS.

Here is a tomato salad that is different. Scald a half dozen of small, even-sized tomatoes, peel them and cut in quarters to within an inch of the stem and chill them well. Beat a cupful of heavy sour cream until stiff, add a half cupful of powdered sugar, a fourth of a cupful of vinegar, a half teaspoonful of salt, a dash of cayenne and a half cupful of grated horseradish. The mixture should be quite stiff. Place the tomatoes on a plate of lettuce, with the dressing and garnish with parsley sprigs.

Potato Dumplings.—Sift together 1½ cupfuls of flour with four teaspoonfuls of baking powder with a half teaspoonful of salt, add three teaspoonfuls of butter to the mixture, rubbing it into the flour, then three-fourths of a cupful of milk, half a cupful of rice potato, and one egg beaten light. Turn upon a floured board and knead slightly; roll into a sheet and cut in rounds. Set close together in a buttered steamer and cook 15 minutes without opening the steamer.

Crumb Bread.—Crumbs that are fried, ground through the meat chopper and not kept long will make a bread that is both wholesome and digestible. Take four cupfuls of hot water, and when lukewarm add a yeast-cake that has been softened in one cupful of the water, three cupfuls of bread crumbs, two cupfuls of graham flour, and enough white flour to make a very stiff dough, add two teaspoonfuls of salt, and two tablespoonfuls of shortening. Let rise, work down, then place at once in the tin; let rise again, and bake. This makes four loaves. For a small family half the recipe will suffice. Buttered crumbs in a generous layer over chopped apple spiced and sweetened, then baked, makes a most wholesome pudding, named Brown Betty.

DELCO-LIGHT

Electric System Being In- stalled in Andes, N. Y.

A large 3 kilowatt Delco-Light engine and generator installed for W. T. Hyzer for supplying the municipality of Andes in Delaware county is already serving residences, stores and other business places, the United Presbyterian Church and the bank, a total of 214 connected lights being then supplied. Mr. Hyzer anticipates putting in a duplicate engine soon for cases of emergency, although his present outfit will take care of all the lights now connected and many others in prospect, besides the street lights for the village, also in anticipation. The beauty of and reliability of Mr. Hyzer's plant is that all lights are constantly up to voltage, being steady, clear and continuous throughout each 24 hours. It is necessary to run the engine only during the flush of the demand—from dark until after business hours, when the storage batteries, always available, take care of the balance of the time, also sufficiently powerful to keep every light needed operating up to full candle-power, and without fluctuation. The patrons already taking the service are more than pleased with the lights and they have confidence of continued satisfaction. The engine burns kerosene oil, thus overcoming any danger from shortage of fuel, which coal-burning plants have to contend with. Mr. Hyzer is running the plant under a public service franchise, which is a protection to all concerned. There are many enterprising men in small towns that could do as Mr. Hyzer has done, make the town brighter and more cheerful. His is the first engine of the kind sold to a private individual, all others of this type having been sold to the U. S. government for use at Washington, some having also been shipped by the U. S. authorities to France.

Those who already have the service at Andes are J. W. Dickson (store), E. J. Turnbull (store), Geo. Polly (residence), A. L. Carman (residence), E. M. Norton (store and residence), T. L. Bonton (pool room, ice cream parlor and residence), Central Hotel, Anderson's blacksmith shop, Ballantine Bank and United Presbyterian Church.

Chas. E. Hulbert of Downsville has bought an outfit of the same capacity with which to light his three story concrete block, the bank, theater, drug store, moving picture show and perhaps other business places.

L. L. Sagerdorf, supervisor and farmer, from Woodstock, has purchased a Delco-Light plant and electric water system from O. Ruge, dealer, 318 Washington avenue, Kingston, N. Y.

"LEND-A-HAND" HELPING RED CROSS

Last evening the "Lend-A-Hand" Society of the Dr. C. O. Sabler Sanitarium held its Christmas meeting. The Rev. Frank B. Seeler, pastor of the Fair Street Reformed Church, spoke to the members, giving them an inspiring Christmas message, and speaking with appreciation of the good work which the have and are doing. In addition to their Red Cross work, the society has given 100 toys to the Salvation Army and many pretty made bibs to the Industrial Home for the very little folks. One of the special features of the evening was an exhibit of the work done for the Red Cross, which included knitted garments, 39 slings, and 40 pair of knitted socks, of which special mention should be made. These socks were knitted by Miss Gay and Mr. and Mrs. Monagle on the knitting machine loaned by Mrs. Hutton, and they were beautifully made. Certainly this club is splendidly living up to its name, than which there could be no better in these days of need.

WANTS TO REMAIN NEAR HIS HOME

Volunteer Aviator Asks Postmaster DeWitt to Intervene for Him—Has Wife and Children at Samsonville.

The following letter has been received by Postmaster DeWitt from Camp Dix:

Camp Dix, Dec. 20, 1917.
William C. DeWitt, Kingston, N. Y.
Dear Sir:—Well, Mr. DeWitt I am

down here waiting to be sent to some aviation camp and am afraid it will be Texas or some place 1,000 miles from home, which will make it impossible to visit my family in case of sickness.

My officer here advised me to write to John J. Butts, captain of the Signal Corps, at 87 Nassau street, New York, and ask him to state the case to the war department.

This I have just done, but I also thought you could do something for me in this way, so this is why I am writing you.

I will appreciate it very much if you will do what you can for me. The camp at Mineola or any nearer

home will be very satisfactory. If there is anything due me from the Red Cross at Kingston, will you send them my address.

Thanking you for all past favors, I wish to remain,

Respectfully yours,
JESSE SHURTER,
Camp Dix,
Co. G, 312 Int. N. J.

Mr. Shurter was a member of the last contingent of volunteers to go to Fort Slocum and was transferred from there to Camp Dix. He has a wife and three small children living at Samsonville.

The House of Illumination.

A visitor to an old English cathedral was told that up in the vaulted roof there was a wonderful bit of carving, but that he had come at the wrong time of day to see it properly. Only at a certain hour of the morning did the light fall on it and reveal its beauty. Those early workers in stone were content that for the greater part of the time their work should remain hidden and unappreciated, and that it should only appear to the visitor at some rare moment of illumination.

KINGSTON, N. Y., DEC. 22, 1917.

Three high school teachers in New York City have been dismissed for holding views subversive of discipline and of undermining citizenship. This means that their minds are a mixture of pro-Germanism and cowardly pacifism—a combination lamentably prevalent now-a-days. It is obvious to any sane person that individuals of this sort cannot be trusted in positions where they have opportunities to poison developing intelligences. Nevertheless, the Teachers' Union is preparing to fight the matter out in the courts. This is to be expected, since such a union exists. It is in the nature of every profession to endeavor to exalt itself over other people, whom it designates rather contemptuously as "laymen." The clergy have always tried to extend the scope of their control when they had a chance to do so. The intolerance of physicians toward those whom they think are encroaching upon their sacred domain has often been exhibited, particularly when they called Pasteur a "quack," although he knew more than all the rest of them combined. Everybody knows how the lawyers have fixed things in one way and another so that hardly anything can be done without giving them what amounts to a commission. So why should not the teachers grab for power? If they get some insane notion in their heads, shall more laymen prevent them from preaching it to young and impressionable minds? If they think that Germany is waging a just war, shall they not follow the dictates of their consciences in the classrooms? Of course, the obvious answer is that if they want to air their theories they should hire a hall at their own expense instead of using accommodations paid for by taxation. When they follow the latter course they are stealing, and the conscience of a thief need cause honest people no worry.

It may have been accidental, but Grand Admiral von Tirpitz told the "New York Times" recently that "up to the present Great Britain has won rather than lost." Certainly Germany has failed in practically every military effort, and this can not be said of England and her allies. All the German attempts to break through to the Channel at Ypres have failed. The effort to take Paris failed at the Marne. The dream of a Berlin-to-Bagdad railway route ended when the British took the old city of the Caliphs and advanced up the Tigris. The hope to conquer Egypt and hold the Suez Canal died when the British army pushed its way into Palestine and took Jerusalem. Countless German lives have been sacrificed in the attack on Verdun and that costly venture has been useless. Even the more recent advance on Italy has been stopped after great loss. If the Germans now achieve any marked success on the west with the aid of troops from the Russian front, they will do what superior numbers, training and equipment have not enabled them to do during three years past. England led the struggle without either an army or munitions and was not well supplied in both particulars until last summer. France was better prepared than England, but all along has been far outclassed by Germany. England and her allies have brought about Germany's failure in what she undertook, and they have done it practically without any of Germany's aid, and ceaseless war preparation of many years. Therefore up to the present they have won, as von Tirpitz seems to recognize. As to the nature of the finish, with the addition of American power on the side of the allies, there is no room for question.

There is much to be said against forcing American boys and girls to study the German language at the present time. There is much to be said against forcing elementary students of syntax to wrestle with poetical classics at any time. An educator has very pointedly protested against requiring boys to read and analyze poems containing the structural difficulties of Gray's "Elegy in a Country Churchyard," for example, to say nothing of the ideas of other beyond the intellectual grasp of early youth. This writer thinks that to carry boys over the Pons Asinorum is child's play compared with making them understand the "Elegy," with its difficult lines and its thought for the most part so far above a boy's head. This educator evidently remembers

the troubles of his own school life. So do some of the rest of us. A vivid recollection comes to mind at the present moment of the miseries of a class of small boys called upon to wrangle with one of the "Elegy's" solemn interrogations—"Can storied urn or animated bust back to its mansion call the fleeting breath?" and of the wrath of the teacher when he was innocently informed that "can bust" was the verb. Many have been the boys, no doubt, who hated the very name of the "Elegy" and who in after life discovered with profound astonishment that it is not only beautiful in form—but full of meaning.

L. Marckley of Catskill will preach, Christian Endeavor, 6:15, at which time the Christmas service will be held. Evening worship, 7:30. Rev. L. Marckley will preach.

One of the progressive citizens of our village has requested that every resident of this place illuminate their residences on Christmas Eve, Monday night, from 8 to 9 o'clock. In this way show their spirit of patriotism and good will to all. Let the lighted windows of our homes show where our hearts and thoughts are.

Is Port Ewen on the map? Is a question often asked by strangers or said in a joke. But how about it, are we mentioned in this Christmas Membership Campaign of the Red Cross movement for Ulster county? That are we as citizens doing along these lines? How many have enrolled themselves as members of the auxiliary in this place? If you can offer to give Christmas gifts to other, you can afford to become a member of the Red Cross, thereby giving a Christmas gift to yourself to the Red Cross, to your boys, to our boys. A good slogan, nothing better. Does this apply to you or your family? If you know the exact ratio membership of the Red Cross per families in this village, it would stagger you. What is the trouble, are the dollars scarce? No, plenty in circulation, but indifference prevails. Oh mother, father, children, how can you refuse to become a member of the Red Cross at this, the most critical moment in your life. Think, think, think and decide now to help win 20,000 members for Ulster county.

The Methodist Episcopal Sunday school will hold their annual Christmas festival on Tuesday evening, December 25th, in the chapel at 7:30 o'clock. Santa Claus is expected to make us a visit. A Christmas tree will be arranged and refreshments served. All members of the Sunday school, Home Department and congregation are invited to attend.

Come to the Christmas entertainment given by the Christian Endeavor, December 23rd, in the basement of the church at 6:15 o'clock. Following is the program: Song By All, No. 139, Away in a Manger. A Christmas Welcome. Jennie Rodman Piano Solo—Christmas Chime. Mildred Schleedo The Beautiful Story of Jesus. Beatrice Proper Duet—Under the Christmas Star—Ida Carney and Lillian Neice. The Beautiful Story—Bessie Sleight Chorus—Christian Endeavor Choir. Happy Christmas Time; Good Will to Men. Frank Terwilliger Song By All, No. 256, While Shepherds Watched. Offering. Closing Song By All, No. 181.

Should Keep Piano Dry. The most frequent cause of keys sticking in pianos is damp. Keep the instrument in a dry room, out of any draught, and in as even a temperature as possible. Take off the keyboard cover, and rub the damp key underneath and down the sides with fine emery paper, this will probably remove the damp, thoroughly dry the key bed, that is underneath where the key fits, and replace the key.

Acids Endanger Ships.
Shippers dislike carrying drums of acid where they cannot be reached readily. A Chilean ship, the Japan Advertiser, recently put in at the Falkland islands leaking badly. Her cargo was made up of drums of acid and chalk. The acid had leaked from the drums and mixed with the chalk, forming carbonic acid gas in the hold. This gas is deadly and the crew could not make repairs. Meantime the acid had gathered at the bottom of the hold and eaten away the iron frames of the ship.

How to Apply Gum.
By means of a printed notice attached to each bottle of gum, H. M. stationery office thus instructs the government officials in the use of that substance: "In ordinary use, the best and most nearly immediate result is obtained by using only such an amount of gum as will just uniformly moisten the surface without leaving any obvious excess to delay drying, the condition to be aimed at being that of a gummed postage stamp just moistened as ordinarily applied to a letter." Which is just another way of saying, "Apply lightly."—London Tit-Bits.

Green Dye.
The juice of the stalk and leaves of nettles is used to dye woolen stuffs a brilliant and permanent green.

Flames That Give Off No Heat.

TEACHERS DENIED SALARY INCREASE

Asked for \$100 More Over Their Present Salaries—At Previous Meeting of Board of Education the Petition Was Referred to the Teachers' Committee—Other Matters Taken Up at the Board's Meeting Friday Evening.

At a meeting of the board of education held Friday evening the teachers' committee of the board reported that it had decided not to grant the request of the teachers of the grade schools for an increase of \$100 a year over their present salaries, upon the ground that the board had no right to alter its contract obligations and impose an additional burden upon the taxable property of the city, and that the board had no funds to meet this demand. The full report of the teachers' committee will be found at the end of this account of the board's meeting.

Pertaining to School No. 5.
Trustee Kearney, chairman of the building committee, reported that progress was being made in the reconstruction of School No. 5, but that the work may not be completed until the first of April. The contractors have been delayed considerably by the shortage of labor. Superintendent of Schools Myron J. Michael told of the double session plan that is now being carried out in the four rooms in the old part of School No. 5.

Boiler in School No. 8.
Trustee Kearney also gave a report on the condition of the boiler in School No. 8. The brick work under the front section of the boiler has settled, and iron braces were placed to hold it in position until such time as the brick is torn out and rebuilt. The boiler will be reconstructed in June.

Alterations in Mr. Lewis's Office.
Principal Lewis wants the blackboards in his private office removed and bookcases constructed for all of the text books now being stored in a dark closet under the stairway. The matter was referred to the building committee with power, and if the change is made the expenditure will come from the balance now in the building fund.

The Annual Report.
Superintendent Michael was authorized to solicit bids for the publishing of about 500 copies of the annual report, this report to be condensed to about 10 pages.

Other Matters Taken Up.
The board rejected two bids for supplying the fire line for School No.

5, upon the grounds that these bids were excessive, and the building committee was authorized to solicit other bids and report to the board. The bids rejected were as follows: L. L. Bannon, \$372; Thomas Cusack, \$369.

A number of bills were audited. The members of the visiting committee were reappointed. They are Trustees Kearney and Crane and President Gill.

It was voted to have Principal Lewis, of the high school, attend the conference of high school principals to be held in Syracuse next week. Principal Lewis will have all his expenses paid.

The teachers' committee was empowered to draw up suitable resolutions relative to the death of Miss Sadie Boyd.

Other routine matters were taken up.

Report of Teachers' Committee.

The following is the report of the teachers' committee relative to the request of the teachers of the grade schools for an increase of 100 a year over their present salaries:

To the Board of Education of the City of Kingston.

Gentlemen:
Your teachers' committee to whom was referred a petition submitted by the elementary teachers of our schools, requesting an increase in salary of one hundred dollars per year, beginning January 1, 1918, would report as follows:

To grant the request would involve an expenditure for the balance of the school year amounting to \$4,620. Under the city charter as revised a budget must be submitted to the council for action on or before the 1st day of July in each year. The school budget for the current year is barely sufficient to meet the necessary operating expenses. If we had sufficient funds in the treasury we doubt whether they could be legally appropriated for this purpose. Without the funds it would be necessary to request the common council to pass a supplementary budget, and we believe that the money for this purpose cannot be legally assessed upon the taxable property of the city of Kingston. Our opinion is based upon the fact that the teachers are under contract for the present school year, and this board having heretofore certified to the common council the amount necessary to meet the expenses for the current year, and the money so certified having been raised, the board is without authority to alter its contract obligations and thus impose an additional burden upon the taxable property of the city.

From the prepared table showing a schedule of salaries for elementary teachers we find that the city of Kingston, with its minimum of \$500 and a maximum of \$800 compares very favorably with cities of its class and in many instances with

cities of larger population for instance:

	Minimum	Maximum
Albany	\$500	\$800
Binghamton	\$450	\$775
Hudson	\$500	\$625
Newburgh	\$550	\$600
Poughkeepsie	\$550	\$750
Rome	\$500	\$750
Syracuse	\$400	\$550
Saratoga Springs	\$500	\$750
Troy	\$450	\$750

We are not unmindful of the fact that living expenses have increased very materially, and while we appreciate the conditions that prompt this request we are nevertheless of the opinion that it is impossible to comply therewith, and we therefore report that in our opinion the petition should be denied.

FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.

New York, Dec. 22.—Trading was on a small scale at the opening of the stock market today, with first prices moving in an irregular manner. Steel Common ranged from \$3 3/4 to \$3 1/2, compared with \$3 3/4 at the close yesterday. Bethlehem Steel B advanced 1/4 to 6 3/4 and Baldwin rose 1/4 to 5 1/4. Marine Preferred rose 1/4 to 7 1/4 and United Fruit advanced 1/4 to 11 1/4. Reading yielded 1/4 to 6 1/4, and New York Central sold off 1/4 to 6 3/4. Anglo-French 5's continued its advance selling \$8 1/4, compared with \$7 at the close yesterday.

Prices sagged off in the late dealings in the stock market today, reflecting complete absence of outside interest. Marine Preferred dropped from 7 1/4 to 7 3/4, and U. S. Steel from 5 3/4 to 5 1/4. General Motors was exceptionally strong, advancing from 9 1/2 to 9 3/4. Foreign government bonds were strong. Anglo-French 5's advancing to \$9 1/4 while the Liberty 3 1/2's rose to 93.48.

Drive Turkeys to Market.

In some sections of Texas turkeys are driven to market. In one instance a flock of 8,000 turkeys was driven 13 miles in two days. Twice a year a train called the "turkey special" leaves Morrilton, Tenn. Carloads of turkeys are sent to Morrilton from the surrounding country, and these are made up into one train and rushed to New York. Each car contains about 1,200 birds and a man is sent to care for them. In spite of all possible speed and care, however, the birds are said to lose about 12 per cent of their weight in shipment.

Less Than a Glass of Water.

Fog, mist and clouds are composed of tiny drops of water, hundreds and thousands and millions of them, so small that they will float in the air. If you should get up early some morning, especially if you live near the river, you might find the houses, trees and the people on the streets lost in a thick fog, get a block of this fog, 12 feet long, 12 feet wide and 12 feet high would contain less than 1-7 of a glass of water, divided into 60,000,000,000 drops.

NOT TOO LATE TO GET A FLAG

Perhaps the Red Cross worker has been at your door and perhaps you were hasty in refusing to take the membership. Perhaps you thought you couldn't afford it, or perhaps you already had a membership that ran until the summer and didn't want to anticipate the renewal.

Now on your neighbors' houses on either side, you see the big red cross gleaming from the window, and you rather wish you had taken one too. It is not too late. Neither does it require any effort on your part. The canvasser will be glad to call again.

Just call up 274, the Y. M. C. A. headquarters of the Red Cross membership drive, and give your name and address. Somebody will be sent to you at once, and you can have the flag in your window within an hour.

In walking along the streets today, how almost involuntarily one glances at the windows of each house to find the flag! And what a splendid showing some of the streets are making!

CHRISTMAS PROFITS FOR RED CROSS

Here is the right sort of American spirit which is making the American Red Cross the power it is in the world today! Charles A. Warren has offered the entire profits—mind, the entire gross profits—from the sale of all toys at his sporting goods store on Fair street on Monday—all day—to the Ulster County Chapter of the American Red Cross. The toys will not be delivered, since Mr. Warren will give all other service of his store, salesmen's services, heat, light, wrapping paper and cord, etc., as part of the donation. Whether the purchases of toys are cash transactions or are charged, the Red Cross will receive the gross profits, and representatives of the Red Cross will be at the store to have charge of the sales to the extent of the financial end of the transaction. Directly after Christmas they will have access to Mr. Warren's books, for the credit sales, and will supervise the final adjustment between cost and sale price of articles. This is a most generous offer which the people of the city, so many of whom are now Red Cross members, deeply appreciate as do the executive committee of this Red Cross Christmas Membership Drive.

INTERNED GERMAN PRISONERS ADD BASEBALL TO THEIR SPORTS.

When the Germans interned by the United States at Fort McPherson, Ga., return to Germany after the war they will have a thorough understanding of the American game of baseball, and perhaps will teach it to the citizens of that may then be the German Republic.

YULETIDE GOODIES WILL COME HIGH

Poultry Will Sell For About the Same as It Did Thanksgiving Time—Advance in Many Other Food Products—Nuts Are Scarce.

The staple food products and the "goodies" for Christmas will cost Kingstonians from 33 to 40 per cent more than they did last year. Some of the "goodies" have gone up in price since Thanksgiving, including oranges, nuts, grapes, bananas, and other things.

Poultry will sell at about the same prices as it did at Thanksgiving time. Finner country turkeys will bring about 45 cents a pound, western turkeys about 40 cents, and storage turkeys will sell at about 37 or 38 cents a pound. Home chickens will cost 32 cents a pound.

California oranges are selling for 40 and 50 cents a dozen. Small oranges, from Porto Rico, are selling for 18 for 25 cents. Figs cost 25 cents a pound. Raisins are selling two packages for a quarter, a 15 ounce package. For a 10 ounce package of dates the cost is 18 cents.

Nuts are scarce and expensive, the English walnuts costing 25 and 30 cents a pound, and mixed Brazil nuts costing 18 cents a pound.

Mince pie and pumpkin pie also come high, figuring on the cost of canned pumpkin and mince-meat, which cost respectively 15 cents for a No. 3 can, and 11 cents for a package.

Home potatoes are bringing about \$1.15 a bushel. These are the best potatoes on the market and are known as No. 1 stock. Western potatoes and northern potatoes can be procured from \$1.40 to \$1.50 a bushel.

Cranberries cost 13 cents a quart. Celery is selling for 15 cents a stalk, or 15 cents a bunch—containing from three to four stalks.

NEW PALTZ.

New Paltz, Dec. 22.—Louis LeLever of Forest Glen, who has recently returned from France, is ill at his home with scarlet fever.

Mr. and Mrs. A. Stanley Osborn and daughter will spend the Christmas holidays with Mr. and Mrs. William Van Wagenen.

Mrs. Abner Fuller is spending some time with her daughter, Mrs. Harold M. Traynor at Bay Ridge, Brooklyn.

Mrs. Jennie Mosher, who has been suffering from a broken arm, has gone to New York city for treatment. While there she will make her home with her daughter, Mrs. Ida Horton.

The State Normal School closed today for the Christmas vacation. It will open again the day after New Year's.

Miss Correllia E. DuBois entertained the Ladies' Aid Society Friday afternoon at her home.

Miss Parker, teacher of domestic science, has sent in her resignation to take effect this week. It is rumored her future home will be in Cleveland, Ohio. A farewell party was held last Tuesday, at which Miss Parker was the guest of honor of the ladies of the faculty. Dainty refreshments were served.

The Magdalena DuBois house on Chestnut street has been rented by the officers of Troop B, where they expect to make headquarters.

ESOPUS.

Esopus, Dec. 22.—The Christmas hymns for next Sunday evening will be the familiar ones which everyone has known and loved from childhood, so we think it will be a pleasure for the congregation to join with the choir in commemorating the birthday of the Christ. Following is the program:

Songs: Hark the Herald Angels Sing, and O Little Town of Bethlehem. Prayer by the pastor.

Antiphon—The King of Kings. Scripture Reading.

Solo—Miss Hazel Mott. Address to the Children, Rev. J. J. Lyons.

Solo—Miss Rena Sottong. Singing—It Came Upon the Midnight Clear.

Benediction. Distribution of presents.

Andrew Esopi is confined in his home by an attack of bronchitis.

People are rejoicing to see the snow disappearing so gradually instead of going with a rush as would have been the case had the cloudy weather terminated in a heavy down pour of rain.

UNION CENTER.

Union Center, Dec. 22.—The Christmas entertainment will be held Wednesday evening, December 26, 1917, beginning at 7:30 o'clock.

Hudson Camp Fire Girls will have a dance in Odd Fellows' Hall Monday evening, December 24. Come all and have a good time. Admission—Ladies, 15 cents; gentlemen, 25 cents.

Mrs. K. Van Aken called on Mrs. H. Van Aken Thursday afternoon.

Mrs. F. Tiger called on Mrs. L. Prior Thursday afternoon.

Mr. and Mrs. Fred Propper and children and Mrs. R. Mott were in Kingston Tuesday.

LET'S MAKE THIS AN OLD FASHION CHRISTMAS!

THE CHILDREN MUST BE REMEMBERED

This practical gift giving may be all right, but to leave the little ones entirely without Toys, Books, Games and Dolls such as is expected by them of Santa Claus when he comes around is entirely wrong. Picture yourself back to childhood days, getting up intensely excited on Christmas morning with thoughts in mind of toys to amuse you for several months to come and find nothing but wear things. The children MUST have their Christmas; and more so at this time than at any other time in the history of this generation, because these are times when little hearts must be cheered and little thoughts be kept away from the real and dreadful things of war. And so let us all give the children toys this year. WE will do our share to make them happy and this is how we will do it. We went thru our stocks today and selected several hundred toys which we are going to put on sale from now until Christmas time or until they are sold out at prices that will come within the reach of the pocketbook of every parent who has a child at heart at all times.

The Gift of Gifts—Music—Get an Edison Diamond Disc for Christmas

POSSESS THE POWER OF ALADDIN

ALADDIN had merely to rub his wonderful lamp and instantly the slave stood at attention. Compared to the power which Thomas A. Edison offers you, Aladdin's was limited. For ownership of that wonderful instrument, the New Edison, means that a group of the world's greatest artists is constantly at your service. A mere turn of the hand and presto! right there in the room peels forth the glorious voice of Anna Case, Margaret Matzenauer, Marie Rappold, Arthur Middleton, Thomas Chalmers, or any other of our eminent Metropolitan stars. It is exactly as though the singer were there in the flesh. No human ear can detect the slightest shade of difference between the living artist's interpretation and that of

The NEW EDISON

"The Phonograph with a Soul"

Conceive yourself in a crowded concert hall. One of our Metropolitan stars, Marie Rappold, for example, begins to sing. Through the building soars her brilliant soprano voice. Now watch the audience. Note the sudden stir. See the amazement reflected in each face. What has happened? The singer's lips have ceased to move. And still the beautiful aria continues. Surely, Marie Rappold is still singing. She must be. Every lingering overtone, every subtle shade of color is there. But her lips are motionless. What is the answer? In a sense Marie Rappold is still singing. The New Edison which stands beside her is playing a Rappold Re-Creation. The explanation is simple. First the instrument is started. Then Rappold joins in. Suddenly she stops and the Re-Creation continues. And so completely, so utterly satisfying is the Re-Creation, that the listeners refuse to credit the evidence of their senses.

This is the famous Edison tone test; the demonstration which convinces the most skeptical that Thomas A. Edison has succeeded in actually re-creating music. Come into our store and see for yourself just what we mean by Music's Re-Creation.

WAR AT A GLANCE

Severe fighting between Bolshevik soldiers and heavy forces of troops that had refused to take the field against the Cossacks and Ukrainians has broken out in the streets of Petrograd.

A report from Copenhagen said that buildings in the heart of the city had been barricaded and that the streets were being swept by machine guns.

There has been no official confirmation of the report that Germany has rejected the Bolshevik peace terms and that the Russian envoys were recalled to Petrograd, but an unconfirmed despatch from Stockholm stated that the Bolsheviks insisted that the Germans give up Russian territory they have occupied.

Bad weather is still hindering fighting on the British front although there is increasing activity along that part of the western front held by the French.

By a brilliant counter offensive the Italians have regained much of the ground lost to the Austro-German forces in the sector of Monte Asolone, between the Brenta and Piave rivers. Fighting continues there.

Home for the Holidays.
The following Kingston young people are home for the holidays, their presence adding much to the cheerfulness of our Christmas season:

Frederick W. Snyder, student at the University of Pennsylvania, is home for the holiday season.

Miss Erna Schmidt is at the home of her parents, Mr. and Mrs. F. G. Schmidt, Manor Lake, from a young ladies' seminary on the Hyde Park Road.

Miss Hazel M. Snyder, supervisor of music at Tuxedo Park High School, is spending the Christmas vacation at her home on Washington Avenue.

Miss Elizabeth Hall, who is attending school at Wickham Rise, is spending the holidays with her mother at the residence of Mrs. E. D. B. Loughran on Main street.

Miss Marie Louise Kearney, who is studying decorative art in New York city, is at the home of her parents, Mr. and Mrs. John Kearney on Wurts street.

Miss Faith Safford, an art student in New York city, is home with her father, Charles Safford and aunt, Mrs. Harriet Safford, for the holidays.

John Reel, now a student at Exeter Academy, is spending the Christmas holidays with his mother, Mrs. C. Gordon Reel.

Dan Chandler of St. John's Military Academy, Manlius, is at the home of his parents, Major and Mrs. George Chandler, for the Christmas recess.

John D. Schoonmaker, Jr., and James Winston, both attending school at Pawling, N. Y., are at home in this city, for the holiday vacation.

G. Van Dusen Hutton of Williams College is at the home of his parents for the holiday season.

Thomas and John Dwyer, both attending the Catholic University at Washington, D. C., are at their home on Broadway during the holidays.

William Dwyer of Clason Point Military Academy, is spending the Christmas recess at the home of his parents, Mr. and Mrs. James Dwyer, on Broadway.

Miss Ida Duntz of the faculty of the music department of a young ladies' college in Nova Scotia, is spending the Christmas vacation with her mother on Broadway.

LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

The body of J. C. Larsen, a patent attorney, son of Mr. and Mrs. Christian Larsen of Hasbrouck Avenue, this city will be brought to this city this evening and taken in charge by undertaker E. A. Kelly. Funeral private.

The funeral of Miss Sadie B. Boyd, daughter of Officer and Mrs. John G. Boyd, was held this afternoon from the family residence on West Chestnut street. The Rev. P. C. Weyant, pastor of the Trinity M. E. Church, of which she was an active member, officiated and was assisted by the Rev. Mr. Schofield of Highland. The bearers were Dr. Hahne, Dr. Gillett, Dr. Bishop, Harry Temper, George Main, and William McCallough. The interment was in Montrose Cemetery. The Sister Anna Wilkes, superintendent. Social offerings were many and beautiful and among them were hand-made pieces from School No. 2, where she taught, the O. E. S. and the Order of the Amaranth.

SOCIETY NOTES.

Mrs. A. H. Haynes, who teaches a girls' Bible class at St. James's M. E. Church, entertained the members of the class Friday evening at her home, No. 20 Green street. After routine business had been transacted an informal social was enjoyed, games were played and musical selections rendered. The guests upon departing voted Mrs. Haynes a genial hostess.

Lobdell-Larter.

The residence of Mr. and Mrs. D. Y. McClellan of East Orange, N. J., was the scene of a beautiful wedding Thursday evening when Mrs. McClellan's sister, Miss Helen M. Larter, was united in marriage to John N. Lobdell, of Chicago. The double ring ceremony was performed by Dr. F. J. Belcher, of New York, a former pastor of Mrs. Larter. The beauty of the gown, of ivory satin and old Chantilly lace was enhanced by an exquisite Irish Limerick veil, one hundred years old, falling the length of the train. A pearl tulle, here, the gift of the groom, who designed it, was worn, and an arm bouquet of white roses completed the bridal costume. Miss Larter was formerly a resident of Chestnut street, this city, and has many friends whose good wishes follow her to her home in Oak Park, a suburb of Chicago, in which city Mr. Lobdell is a business man.

Large Audience Enjoys Recital.
The beautiful home of Mrs. John D. Schoonmaker on West Chestnut street was the scene of a very large social gathering on Friday afternoon, when Wilford Russell, Varyone Furcer of London, England, assisted by Mrs. Russell at the piano, gave a delightful patriotic and humorous recital.

At an early hour the guests began to arrive, and by the time set for the recital it seemed that there was not a vacant chair left. The only decorations consisted of an American flag and a standard of the flags of the allied countries. As the entertainment was given in part for the benefit of the war fund of St. John's Episcopal Church, the pastor, the Rev. J. I. Blair Larned, welcomed the guests and explained that this fund was to supplement the work of the government in providing for the needs of some of the men of St. John's, now in service, and still more for the needs of their families at home, for which there was not ample provision. Mr. Larned called attention to the fact that forty-four men of St. John's Church, out of a communicant membership of about 400, are now serving their country, and expressed the belief that now as never before the church must stand by both men at the front and in cantonments and the families left at home, and prove that it, too, can render a notable service whose spiritual side shall be most real and personal. Mr. Larned thanked all present for their support and especially thanked Mrs. Schoonmaker for so generously opening her home for the recital, which would be followed by afternoon tea.

In the program which followed, Mr. Russell proved himself an entertainer of exceptional artistic merit both in song and recital. Appreciating the "true inwardness" of what he sang or read, Mr. Russell impressed the audience with his readings upon his audience. And he proved himself to be as versatile in his entertaining as he was truly artistic in the manner of his presentation.

The program was as follows:
(1) Penserose.
Praise of Righteous War.
The Crusader.

The Brave at Home.
A Woman of Paris.
(L'Allegro).

College Song.... "The City Chap."
May Fever Rhapsody (Blaise)

Invocation
Advice on Gardening. The Professor.
His Van Failing.... Old Irish
An Irishman's Dream. Blanche Ring
The Shannon's Course.... Descriptive
Old Dr. Loveall.... Rural Episodes
Time and Change.... Rural Episodes
Incidents of the South (Song and Story).... Ethiopian
Rheumatism—Uncle Josh.... Bicolie
Roumain in Gloaming

Parlez Vous.... Mon Vierge Doodle
Private Tommy Atkins—Military

The Sojourn—Songs.... Lander
We're on our Way—Aprons

Cohanesque

Grand Old Flag.
Finale (ensemble) "America"
Whether in the stirring and pathos-filled patriotic portion of the program or the light and refreshing L'Allegro portion of the program, Mr. Russell was equally appealing and his art was greatly enhanced by the charming and sympathetic manner in which he was accompanied at the piano by Mrs. Russell.

ABOUT THE FOLKS.

Ralph Warden of Hyde Park was in Kingston today assisting Undertaker E. A. Kelly with a funeral.

William J. Dohnken of Waterbury, Conn., is spending the holiday season with his parents, Mr. and Mrs. John Dohnken, on Auburn street.

Mr. and Mrs. J. D. Cameron of 371 Broadway, who have been in Ontario, Canada, attending the funeral of Mr. Cameron's brother-in-law, have returned to this city.

Mrs. Bertram Ennis, who is employed in the office of Brinnier & Canfield, will spend the week-end and Christmas at Camp Dix visiting her husband, who is doing his bit for Uncle Sam.

Odds and Ends.
Franklin Street A. M. E. Zion Church, Rev. John Thomas Matthews, pastor—11 a. m. the pastor will deliver the Christmas sermon. 12 m. Temper, George Main, and William McCallough. The interment was in Montrose Cemetery. The Sister Anna Wilkes, superintendent. Social offerings were many and beautiful and among them were hand-made pieces from School No. 2, where she taught, the O. E. S. and the Order of the Amaranth.

\$1,500,000 FROM CORPORATION TAX

By Telegraph to The Freeman.

Albany, Dec. 22.—Over \$1,500,000
has been received to date from manu-
facturing and mercantile corpora-
tions, under the new 3 per cent in-
come tax, State Comptroller Travis
announced today. This amount, he
explains, represents payments from
over 3,600 companies—about 25 per
cent of the number doing such bus-
iness in this state—is approximately
one-tenth of the aggregated total
sum assessed.

Commenting on this delay, Mr.
Travis pointed out that this is due
largely to the provisions of the law
which allows payments to be made
up to January 1. However, the re-
ceipts during the last few days have
increased rapidly with the result that
the income from this form of cor-
porate taxation has been greatly in
excess of the amount previously col-
lected from any other tax.

Yesterday, for example, over 241
payments were made. These aggre-
gated \$22,349.06, of which amount
over \$100,000 came from one com-
pany. According to the comptroller's
estimate, it is believed that practi-
cally three-eighths of the state's entire
income will be collected by his office
during the coming year as the result
of this tax.

Under the provisions of the corpora-
tion income tax, there will be re-
turned to the localities before the end
of next year approximately \$10,000,-
000. This amount will be apportioned
among nearly every city, town and
incorporated village. Most of the
tax is being received from a class of
corporations which have contributed
but little in the form of taxes.

The recent changes in the law
serve at this time to emphasize clear-
ly that the bulk of the work in-
volved in the collection of this tax an-
nually presents itself between No-
vember and January. This has re-
quired the introduction of important
clerical and executive modes of ad-
ministering. As soon as these taxes
have been apportioned and collected,
they will be distributed by the State
Comptroller's office.

Human Friends.

Do you idealize your friends? Some-
times a person who has worshiped at
the shrine of a teacher or schoolmate
is shocked into cynicism by the dis-
covery of a flaw in the one who was
fancied perfection embodied. Human
nature is faulty, and it is always dan-
gerous to identify the virtues which
demand our fealty with any human
being. Keep on loving and honoring
truth and kindness, even though you
detect some acquaintance in a false-
hood, or are treated unkindly by a
friend.—Exchange.

OFFICER CONNELLY MAKES QUICK CATCH

Garrison's Store Robbed Friday

Morning and Thomas Schoon-
maker Caught That Afternoon—Is
Jailed for 60 Days.

Through the quick work of Officer
James V. Connelly of the local police
force, Thomas Schoonmaker, 20
years old, of Wilbur avenue, was
captured in a pool room and later
confessed to robbing the cash till in
the store of Raymond B. Garrison,
corner Wilbur and Greenkill avenues.
The theft occurred Friday morning
and was reported to the police de-
partment about 2 o'clock that after-
noon, and a little later Officer Con-
nelly caught the thief and recovered
\$6 of the \$15 that was stolen.
Schoonmaker had spent the balance.
This morning the young thief was
arraigned before Recorder Lang and
after being informed of his rights
and asked how he pleaded, replied
promptly "Guilty."

"How did it happen?" asked the
court eyeing Schoonmaker.

"I just took it," replied he hanging
his head.

Schoonmaker when further ques-
tioned said he had been a member of
Company M and when asked why he
was not with the company replied he
had been discharged for physical
reasons. He has been in trouble be-
fore and was arrested some time
ago on the complaint of his mother.
"Sixty days in jail" was the sen-
tence of the court who added, "Itan-
dall's Island is the place for you but
you are too old."
